Art Unit: 1651

### **DETAILED ACTION**

The amendment filed May 21, 1999 is acknowledged and has been entered. Claims 7-8 have been examined on the merits.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

#### ***Claim Rejections - 35 USC § 112***

Claims 7-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 7 is rendered vague and indefinite because the list of agents under "(d)" do not properly define "hormones". The terms, "transferrin (a blood globulin), "selenium" (a non-metallic element), and "putrescine" (a polyamine) are not recognized in the art as "hormones". Accordingly, their inclusion in the list of agents defining "supplemental hormones" is repugnant to their art-accepted definitions (whether the specification incorrectly teaches them to be hormones or not). It is, therefore, suggested that the word "hormones" in claim 7 be replaced by --agents-- to overcome this rejection.

Claim 8 depends from claim 7 and is, therefore, also rejected under USC 112, second paragraph for the reasons set forth above.

Art Unit: 1651

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

### Conclusion

No claim is allowed.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
